The book begins with a discussion of the film's genesis. The author, David Fincher, had long been fascinated by the story of Charles Foster Kane, a wealthy newspaper magnate who loses everything in the end. Fincher saw Kane as a symbol of the American dream gone wrong, and he wanted to make a film that would explore the dark side of success.

Fincher assembled a talented cast and crew to bring his vision to life. Gary Oldman was cast as Kane, and Orson Welles, the original Kane, provided the voice for the film's narrator. The crew included cinematographer Darius Khondji, editor Walter Murch, and composer Howard Shore.

The filming of *Citizen Kane* was a difficult process. Fincher was a perfectionist, and he demanded the best from his cast and crew. The film went over budget and behind schedule, but Fincher refused to compromise his vision. The result is a film that is both visually stunning and emotionally powerful.

Citizen Kane was released in 1941 to critical acclaim. The film was nominated for nine Academy Awards, and it won for Best Original Screenplay. *Citizen Kane* is now considered one of the greatest films ever made, and it is still studied and admired by filmmakers and film lovers alike.

An Examination Reflection And Making Of is a fascinating look at the making of a classic film. The book is full of insights from Fincher and the other members of the cast and crew. The book is also beautifully illustrated with behind-the-scenes photos and concept art.

If you are interested in the history of motion pictures, then *An Examination Reflection And Making Of* is a must-read. The book is a comprehensive and insightful account of the making of one of the greatest films ever made.
