The United States has been the world's preeminent superpower since the end of World War II. Its foreign policy has shaped the course of global events, from the Cold War to the War on Terror. This book provides a comprehensive history of American foreign policy since 1945, examining the key decisions and events that have shaped the United States' role in the world.

The book begins with the end of World War II and the beginning of the Cold War. The United States and the Soviet Union emerged from the war as the world's two superpowers, and their rivalry dominated global politics for the next half century. The book examines the key events of the Cold War,

including the Berlin Blockade, the Korean War, the Cuban Missile Crisis, and the Vietnam War. It also discusses the role of the United States in the collapse of the Soviet Union and the end of the Cold War.

After the Cold War, the United States became the world's sole superpower. The book examines the United States' foreign policy in the post-Cold War era, including its role in the Gulf War, the Balkans War, and the War on Terror. It also discusses the challenges facing the United States in the 21st century, including the rise of China, the threat of nuclear proliferation, and the challenges of climate change.

This book is an essential resource for anyone who wants to understand American foreign policy since 1945. It is a comprehensive and well-written account of the key decisions and events that have shaped the United States' role in the world.
