

International Symposium Lfcs 2024 Deerfield Beach Fl Usa – Leading-Edge Research in Formal Verification and Computer Security

The International Symposium on Logical Foundations of Computer Science 2024 (LFCS 2024) will be held in Deerfield Beach, Florida, USA, from January 14-17, 2024. LFCS is an annual international symposium that brings together researchers from all areas of computer science to discuss the latest research in the logical foundations of computer science, including formal verification, proof theory, semantics, and type theory.

Topics

LFCS 2024 welcomes submissions on all topics related to the logical foundations of computer science, including but not limited to:

- Formal verification
- Proof theory
- Semantics
- Type theory
- Automated reasoning
- Concurrency theory
- Domain theory
- Game semantics

- Lambda calculus
- Logic programming
- Model theory
- Process calculi
- Quantum computing

Submissions

Authors are invited to submit original research papers to LFCS 2024. Papers should be submitted electronically in PDF format through the EasyChair conference management system. The submission deadline is **June 1, 2023**. For more information on the submission process, please visit the LFCS 2024 website.

Registration

Registration for LFCS 2024 will open in June 2023. The registration fee includes access to all sessions, workshops, and tutorials, as well as the symposium banquet. For more information on registration, please visit the LFCS 2024 website.

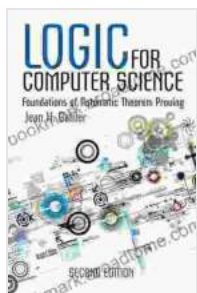

Location

LFCS 2024 will be held at the Hilton Deerfield Beach Resort in Deerfield Beach, Florida. The resort is located on the beach and offers a variety of amenities, including a swimming pool, fitness center, and spa.
