In the summer of 2023, I embarked on a 25-day journey down the Mighty Fraser River. It was an experience that would change my life forever.

The Fraser River is one of the most iconic rivers in the world. It flows for over 1,300 miles from the Rocky Mountains to the Pacific Ocean, passing through some of the most beautiful and rugged scenery in British Columbia.

My journey began in the small town of Tête Jaune Cache, where the Fraser River begins its journey. I paddled my kayak down the river, camping on its banks and fishing for my dinner. Along the way, I encountered wildlife such as bears, moose, and eagles. I also met many interesting people, including First Nations elders and fellow adventurers.

The Fraser River is a challenging river to navigate, but it is also a river of great beauty. I learned a lot about myself and about the natural world during my journey. I also made memories that will last a lifetime.

If you are looking for an adventure, I highly recommend paddling the Fraser River. It is a journey that will challenge you, inspire you, and stay with you long after you have finished.
